Industrial-Strainers.com is a Factory Direct Pipeline Products Inc. website. Factory Direct Pipeline Products, Inc. is a sister company to Technical Products and Services Inc. (<http://www.fluidproducts.com>), which was founded in 1981. We specialize in the sales and application of industrial fluid handling products. Our websites are customized e-commerce and e-information sites designed to facilitate the proper selection and application of the industrial fluid handling products that we specialize in.

**Our product lines include:**

**Spray Nozzles**

**Strainers**

**Bag & Cartridge Filters**

**Hydra-Cell Pumps**

**Peristaltic Pumps**

**Air Knife Drying Systems**

**Pipe Fittings**

**Pressure Gauges**

**Valves**

Each catalog page of our webstore includes technical information such as dimensions, weight materials of construction, etc...

In addition, these products, their manufacturers and typical applications are described in detail at our sister website <http://www.fluidproducts.com>.

If you have any questions please email them to our [Sales Department](#) or contact our office at:
